

FILE ID: UC-█-A17-098

DATE: 03.10.1998

FROM: Security Operations Command

TO: Authorized Personnel [LEVEL 4  
CLEARANCE REQUIRED]

SUBJECT: BIOHAZARD BREACH REPORT -  
PRIORITY ALPHA

STATUS: █

A security breach has occurred at one of our research facilities. High-priority biological material has been stolen.

Specifications:

█  
█  
█

A photo from the perpetrator's device was recovered. Additionally, our team managed to isolate part of the network before Raccoon City D █ Incident. We put it on the organization's internal server:

<https://umbrella-internal.github.io/leaked-data/>

Your mission is to identify the culprit and access the encrypted archive. Remember – what was stolen was not intended for the outside world.

Good luck.
